WHEREAS it is expedient in view of the rapid economic development of the country to encourage the long distance and inter State transport of goods by road and whereas it is necessary for this purpose to provide for adequate inter State services for the transport of goods by road and to regulate, co-ordinate and control their operation, it is necessary in the interests of the public in general to enter into a Special Reciprocal Agreement between the States of (1) Bihar, (2) Haryana, (3) Himachal Pradesh, (4) Jammu and Kashmir, (5) Punjab, (6) Rajasthan, (7) Uttar Pradesh, (8) West Bengal, (9) Chandigarh and (10) Delhi.

IT IS NOW AGREED by and between the above parties as follows:—

That this Reciprocal Agreement shall be in force from the date to be mutually agreed upon by the signatory States and will be valid for a period of two years which will be renewable for a further specified period by mutual consent of all parties concerned. For reasons to be given in writing by any of the signatory States this Reciprocal Agreement may be revoked on three months' notice. Such revocation shall, however, abridge and modify the operation of this Agreement only so far as it relates to the withdrawing State subject to the condition that permits already issued under this Agreement will continue to be valid till the expiry of these permits irrespective of withdrawal by the State or States from this Agreement.

II. The total number of vehicles for which composite permits shall be issued shall not exceed 200 for each of the States of Bihar, Haryana, Punjab, Rajasthan, Uttar Pradesh, West Bengal, Chandigarh and Delhi. While the States of Jammu and Kashmir and Himachal Pradesh shall issue 200 permits. The number of outside vehicles from each State entering Jammu and Kashmir and Himachal Pradesh shall be limited to 100. The composite permits issued by the competent Transport Authority of each signatory State shall be valid on all National and State Highways chosen for operation. A list of these National and State Highways in each signatory State is appended in the Schedule hereto (Annexure V). The competent Transport Authority shall also issue each of such permit holders an authorisation in the form annexed to this Agreement (Annexure I).

It shall, however, be open to any public carrier lying under such authorisation to deviate from the specified routes to the extent not exceeding 30 km. on either side of the specified routes.

III. (i) Each applicant for a composite permit shall have to choose a minimum of four States, i.e., the Home State and any three other States out of the remaining nine for operation with effect from the date of this Agreement.

(ii) If a composite permit holder chooses to exclude a contiguous State for operation through which his vehicle must have to pass to reach any other State chosen for operation within the scheme, the holder of the permit shall have to pay full taxes to the "transit State" unless otherwise exempted.

(iii) A composite permit holder of a State shall be allowed to operate in any other State, separately covered under a bilateral agreement, but the same vehicle will not be allowed to be used both for the composite permit scheme as also the bilateral agreement scheme, in the same State.

(iv) An option once exercised by a composite permit holder will not be

allowed to be changed before a period of one year.

IV. A public carrier operating under this Agreement shall be free to operate without restriction of routes in the Home State whereas while operating in any area outside the home State such a public carrier shall not pick up or set down goods between any two points lying wholly within the jurisdiction of the reciprocating States, i.e., in such cases vehicles shall be prohibited from carrying any intera-State business.

V. A public carrier operating under this Agreement shall be subject to the following limitations and restrictions:—

(1) No vehicle may be authorised under this Agreement which—

- (a) has an RLW less than 10,000 kg in the case of a rigid chassis vehicle or in the case of a tractor-trailer combination has an RLW less than 10,000 kg inclusive of the trailer;
- (b) is more than two years old on the date of grant of the authorisation and which is more than 7 years old at any time;
- (c) does not carry the prescribed markings and distinguishing particulars and is not painted in the prescribed colour scheme as provided in the Schedule annexed hereto (Annexure IV)
- (d) is not fitted with a body in conformity with the pattern as prescribed in the Schedule annexed herewith (Annexure IV).

(2) A public carrier plying under this Agreement shall at all times carry a Bill of Lading in the form prescribed in the Schedule annexed (Annexure II). Carriage of goods not in conformity with the declaration in the Bill of Lading shall be construed as infringement of the condition of the permit making the permit holder liable under section 60 of the Motor Vehicles Act.

(3) Such vehicles shall conform to and comply with all provisions of the Motor Vehicles Act as well as the provisions of the Motor Vehicles Rules framed by the home State subject to such restrictions as may be imposed by the State Governments from time to time under the provisions of the Motor Vehicles Act, 1939.

(3-A) A public carrier plying under this Agreement shall be allowed to ply his vehicle on all National and State Highways in the signatory States, chosen for operation. In particular, in the case of vehicle in hilly areas of Jammu and Kashmir, Himachal Pradesh, Uttar Pradesh, West Bengal, etc., the operation will be subject to the load and other restrictions, as may be imposed by the State Government concerned for any particular route/area. The "Home" State may make a suitable endorsement on the permit particularly in regard to the hilly States of Jammu and Kashmir, Himachal Pradesh and Uttar Pradesh, etc., as necessary, that the heavier vehicles will not be allowed in the hilly regions of these States.

(4) The certificate of fitness of such a vehicle shall be liable to be suspended or cancelled by the competent authority of the home State if it is found to be not in conformity with the provisions relating to fittings, colour and body specifications as detailed in the Schedule annexed hereto (Annexure IV).

(5) Such a vehicle shall at all times carry a valid authorisation in the form as detailed in the Schedule annexed (Annexure I) granted under this Agreement and issued under the signature and seal of the competent Transport Authority of the home State,

VI. (1) A composite permit holder plying under such an authorisation shall be liable to pay an annual tax of a sum of Rs. 200 per vehicle to the Chandigarh Administration and Rs. 700 per vehicle (in lieu of goods tax) to each of the States of Bihar, Haryana, Himachal Pradesh, Jammu and Kashmir, Punjab, Rajasthan, Uttar Pradesh, West Bengal for which he has opted, in addition to the Motor Vehicle Tax and the Goods Tax, if any, of the home State. This will be irrespective of the RLW of the vehicle and shall be paid in advance before the 15th of March every year. No annual tax will be payable by outside vehicle in respect of Delhi. For this purpose, all the signatory States shall make suitable provisions by issue of suitable notifications under their Taxation Acts. The competent authority in the home State shall ensure the collection of this tax and stamp and endorse the certificate of payment (Annexure II) to that effect. Any vehicle plying without this certificate of payment shall be deemed to be plying in contravention of the conditions of the permit under section 60 of the Motor Vehicles Act.

Taxes mentioned above will not be inclusive of Municipal levies, such as octroi etc., and composite permit holder will be liable to pay them separately wherever levied.

(2) Notwithstanding that the tax is required to be paid for the whole year in advance as per sub-clause (1) above, the owner of the vehicle may, at his option, pay the taxes in two equal instalments, the first before 15th March (every year) for the period April-September, and the second instalment before 15th September (of the current financial year) for the period October-March and obtain endorsement of having paid this tax from the competent authority of the home State in certificate specified in Annexure II.

(3) If the vehicle covered by the authorisation is kept under non-use for a period of three months or more after giving intimation in advance to the home State Transport Authority after surrender of the authorisation, the competent authority of the home State may grant exemption from payment of taxes proportionately, the basic unit of non-use period which shall entitle an operator to ask for refund shall be a quarter and the multiple of a quarter and not months and days. The competent authority of the home State shall grant a certificate of non-use to enable an operator to ask for a refund from other signatory States.

(4) If the vehicle covered by the authorisation is kept under non-use for a period of six months at a stretch and 15 months in all, its permit shall be liable to be cancelled. The home State where the permit was issued will be the deciding authority in such cases.

(5) No payment from a permit holder will be accepted by the home State, unless he agreed to pay the taxes due to all the States chosen for operation by him.

(6) If the authorisation is granted at any time after the first quarter of the financial year, the tax shall be assessed on pro-rata basis for the remaining quarters of the financial year including the quarter in which the authorisation is granted. For this purpose, a quarter shall be taken as a unit and not months and days.

(7) If the vehicle covered by the authorisation is sought to be replaced by another suitable vehicle after prior permission of the authority which originally granted the permit, the registration mark of the replaced vehicle may be noted by the home State Transport Authority in the authorisation

and the tax already paid shall be deemed to have been paid for the replaced vehicle for the period following the date on which the vehicle is replaced.

VII. The competent authority of the home State shall collect the taxes on behalf of the other States in the form of crossed bank drafts. These drafts shall be made payable in the name of the designated authority of the State concerned and shall be sent by the home State to the State concerned as and when received along with a statement showing the details of the vehicle number, bank draft, number and date and amounts, period for which paid etc.

A vehicle plying under this Agreement shall not be liable to pay any tax, fee or other levy other than the home State Motor Vehicle Tax, Goods Tax (if any) and home State fees, and the tax and levy referred to in para VI(1) above.

VIII. (A) For the implementation of this Agreement, the S.T.As. or the R.T.As., as the case may be, of the home State shall—

Issue composite permits for the *inter*-State route or routes or areas, as the case may be, covered by this Reciprocal Agreement for any four or more of the signatory States, such a composite permit holder shall have the benefit of rule framed under section 68(2)(h)(h), read with section 63(1) of the Motor Vehicles Act, 1939, referred to in para below; and the competent authority shall furnish copies of these composite permits (Part B only) to other signatory States within 30 days of issue.

(B) Further, all the signatory States shall frame a suitable rule under section 68(2)(h)(h), read with section 63(1), to provide that the composite permit so granted shall be valid without countersignature in the areas of the other signatory States and the Secretary of the State Transport Authority or the competent authority, as the case may be, of the home State shall issue an authorisation in the form prescribed in the Schedule (Annexure I).

(C) Such composite permits shall be valid in all the signatory States other than the home State on all the National and State Highways of each State as specified in permit. A list of these Highways is annexed in the Schedule hereto (Annexure IV*). The composite permits shall also be valid on such other National Highways and State Highways as may be notified from time to time by the Union Government or the State Governments concerned and which are endorsed on the permit.

IX. In this Agreement, the term "home State" means the State in the territory of which the composite permit under section 56 has been granted and authorisation therefor is issued under this Agreement.

X. For the purpose of this Agreement, the term "year" shall be deemed to be a financial year.

XI. For the purpose of this Agreement, each of the ten parties hereto shall be deemed to be a "State".

*To be attached by the State Governments.
